LOCATION

CONVERTING NON WOVEN FABRICS INTO HEALTH & BEAUTY CONSUMER PRODUCTS

Hertford is situated approximately 24 miles north of Central London close to the M25 (Junction 25), A1(M) (Junctions 4 or 7) and M11 (Junction 7). The international airports of Stansted (22 miles), Luton (20 miles) and Heathrow (40 miles) offer easy access to James Douglas.

The town is served by 2 mainline rail stations. Hertford East links to London Liverpool Street and is only a short walk from James Douglas. Hertford North is linked to London Kings Cross, Peterborough and King's Lynn.

When travelling to James Douglas by road follow the A414 which is the main route through the town of Hertford. From either west or east you should follow signs for Ware (A119) and Mead Lane Industrial Estate. On the Ware Road, almost immediately after you leave the A414, there is a set of traffic lights at the junction adjacent to a large TESCO supermarket. Take a left turn into Mill Road passing the Tesco store on the right. Follow this road and pass Hertford East Station on your right. Soon after the railway station the road turns right into Mead Lane. Continue along Mead Lane and you will see Centrus (a development of green and silver industrial units) on your left hand side. Pass in front of Units 1 to 6 and then turn left into the small access road immediately after Unit 6, pass through the security gate and you will see Unit 11.
